

Schedule-only search, 5-hr session-time budget. Claude: 357 attempts (~50s each) | Gemini: 273 attempts (~66s each).  
 wall-clock = summed within-session time (Gemini was quota-throttled across days).

- Claude: train + held-out feasible
- Claude: train-only feasible
- Claude: best-so-far held-out feasible (train AEP)
- ★ Claude deployed (iter\_192)
- Gemini: train + held-out feasible
- Gemini: train-only feasible
- Gemini: best-so-far held-out feasible (train AEP)
- ★ Gemini deployed (iter\_192)
- - - 500-multistart baseline (5540.7)
